Subject: [External] public hearings on ACP
Attachments: Letter on ACP to Governor Cooper2018.docx; The Failure of the Atlantic Coast Pipeline to Demonstrate.docx

CAUTION: External email. Do not click links or open attachments unless verified. Send all suspicious email as an attachment to report.spam@nc.gov.

Dear State officials,

I am writing to all of you as a concerned North Carolinian about the ACP coming through 8 of our counties and near our beautiful eastern coastlines. Before the 401 Water Quality Permit is issued, I would like to see 3 public hearings and for DEQ to request more information from the ACP before making a decision on the issuance of the permit. I realize how much unprecedented pressure backed up by unlimited money that Dominion, Duke Energy, and the ACP are putting on you, the Governor, the Attorney General, and the NC Department of Environmental Quality. I must challenge our state officials to do the right thing and resist the ACP's pressure, money, and fraudulent claims. I would like to see the public at least have an opportunity to rebut the recent claims about the pipeline (see report as an attachment) which raises serious concerns about the economic and environmental instabilities of the ACP.

Thank you for your immediate attention to the concerns listed above and included in the attachments.

Sincerely,
Libby Johnson
